

# **The Apostle Peter: His Experiences and Epistles**

**Instructor:** Sam Kuo

**Time:** Tuesdays 8:00–9:00 pm ET

**Class Size:** limit of 30

## **Course Description:**

If you ask some Christians which of the apostles they relate to the most, quite a few would pick Peter, especially when you look at his life in the gospels. The life of Peter is full of triumphs and disappointments, the weakness of man and the power of God, and ultimately showcases the amazing transformative journey a Christian can undergo throughout their life. Although Peter did not write as much as Paul did, the epistles of his later life read with a real maturity and joyful hope that all believers can aspire to attain. These two aspects of Peter, his dynamic experiences and his later maturity, are not unrelated. In this class, we will look at both of Peter's epistles through the lens of his own experiences through the gospels and the Acts. May these chapters bring us all further unto maturity!

Each class will include both lecture and open discussion sections.
